Rural Trauma Team Dev. Course**Dr. Fallat**

Discussion:

- This course has been developed by the American College of Surgeons and their Rural Trauma Subcommittee. It is meant to be a one day course for rural hospital providers and is a series of lectures regarding how to stabilize a trauma patient prior to transport to a higher level Trauma Center. This course is a byproduct of ATLS (Advanced Trauma Life Support) aimed at all hospital personnel. Three people from KBEMS who have attended: Dr. Fallat, Dr. Bentley, and Tom Taylor.
- The course will be presented at this year's State Trauma Conference. The Conference will be held on Nov. 3-4. RTTDC will be a preconference offering.

Conclusions:

Action items:

- Provide course documents to the subcommittee

Person responsible:

T. Taylor
